She accomplished the deed so quietly that the slumbering husband was not aroused.

The woman had been ill and it is supposed became suddenly insane.

TARIFF BILL IS DELAYED

Underwood Measure Is Engrossed For Presentation to the House—May Recommend Bill to Ways and Means Committee—Senate Preparing For Measure

Washington, May 8.—Delayed in its passage last night by a parliamentary technicality, the Underwood tariff bill was engrossed today for presentation to the house at its hour of meeting—2 p. m.

Because of the Democratic insistence on a point of order against the Republican motion to recommend the bill to the ways and means committee, with a view to forcing a tariff commission provision, the reading of the bill in its engrossed form was made necessary.

The parliamentary tactics of both the majority and minority prepared today for the final fray over the point of order, but the result in view of the large Democratic majority in the house, was a foregone conclusion. Meantime the Democratic leaders in the senate were preparing for the consideration of the bill there.

There is talk among the house leaders of taking a recess of about 30 days, during the senate consideration of the tariff. While there have been individual conferences on the subject, the fact that the president has not yet communicated his views regarding the question of currency legislation at this or the regular session of congress, has precluded any formal consideration so far as to what the house shall do when it disposes of the tariff.

Consider Tariff Bill.

Washington, May 8.—A conference of managers and producers called by the Illinois Manufacturers' association, met here today to talk over the tariff situation and formulate plans for pressing for some amendments when the senate considers the Underwood bill.

President Kirby of the National Manufacturers' association, and President Wilder of the National Association of Tanners were among those leading the movement.

The object of the conference as set out in a statement by J. M. Glenn, secretary of the Illinois association, is to deal with the general proposition of tariff revision as it is presented in the Underwood bill and to look particularly to the working of the paragraph of the proposed law which empowers the president to negotiate trade agreements of mutual concession with foreign countries. The manufacturers contend that if the president is given power to negotiate concessions in tariff rates, he also is empowered to negotiate increases, if they are warranted.

Mr. McClaughy was called to assist in the investigation of the Villisca murders and since then has devoted much time to the study of axe crimes. He calls attention to the fact that the first of the series of murders did not occur until Moore's release from the state reformatory at Hutchinson, Kan., where he served a term for forgery. He states further that each of the 25 persons murdered, half of them children, were slain in their homes and that traces indicative of the most gross brutality were left in each case the bloody axe was found as though left as the murderer's flimsy insignia. Moore's admission that for years his mind had been immersed in the study of terrible crimes, McClaughy says, influenced him greatly in the formation of his theory.

ATTACK DR. FRIEDMANN

Berlin Doctor's Vaccine Is Termed One of the Adverse Factors That Are Retarding the Prevention of the "White Plague"

Washington, May 8.—One of the adverse factors that are retarding the prevention of the "white plague" was the characterization applied to Dr. F. F. Friedmann's tuberculosis vaccine by President Homer Folks in his opening address today at the meeting of the National Association for the Study and Prevention of Tuberculosis.

"Nothing like the series of events," said the speaker, "which followed the announcement of the Friedmann 'cure' in Berlin has hitherto occurred in the tuberculosis campaign. Only those who have been engaged from day to day in inducing state and local authorities to appropriate funds can appreciate how vastly more difficult this task has been made in the last few months by the extreme press agents of Dr. Friedmann. Thus far it has not been evident to me as a layman that any of those who have had to do with the subject in this country have won much credit."

"When the Friedmann 'cure' has taken its legitimate place, and perchance has been forgotten, we shall remember those prosecutions coming from everywhere whom the announcement of the 'cure' summoned to our vision."

Dr. Friedmann's vaccine is a complete nervous collapse last night and was unable to appear in court today, when the divorce suit brought against her by her husband, Capt. H. C. Merriam, United States army, was called for a further hearing. Counsel representing Mrs. Merriam told the court she was unconscious when he was called to her house late last night, and that her condition today remained serious.

Captain Merriam affirmed his willingness to abide by a suggestion of Judge Graham, who is hearing the testimony in the superior court, that the original suit be withdrawn, and Mrs. Merriam file an amended answer, bringing herself a suit charging desertion, which would not be contested. This suggestion, made with a view to suppressing further unsavory evidence which would work an unnecessary wrong to Charlotte, the 10-year-old daughter of the couple, was agreeable to counsel for the defendant, but he could not formally acquit the court with his client's decision until she was in better health. With this understanding the case was continued until next Tuesday.

Captain Merriam charged his wife with misconduct at Jackson barracks, La., naming Clarence Murphy, then a major on the staff of the governor of Louisiana.

JAPS WAIT FOR REPORT

Bryan Reaches Washington But Does Not Confer With Wilson

Washington, May 8.—With Secretary Bryan's return from California early today, where he went as President Wilson's personal representative to confer with Governor Johnson over the anti-alien land laws which the Japanese government construes as offensive, the diplomatic stage of the negotiations between Japan and the United States over the question actually was reached.

The Japanese embassy had been withholding its formal diplomatic protest on the Webb bill for the secretary's return and it is now believed to be that governments plan to withhold it still longer until inquiry can be made of the United States as to just what this government proposes to do if Governor Johnson signs the bill and it becomes a law. Under such a plan of action, the protest probably will not be delivered today.

The protest will open the formal diplomatic negotiations which may not be delivered today.

The protest will open the formal diplomatic negotiations which may lead to a test in the supreme court whether such a law is in contravention of a treaty with Japan. The negotiations also may lead to a proposal of arbitration at The Hague tribunal for a determination of the anthropological status of the Japanese race to settle whether they are eligible to citizenship in the United States.

When Secretary Bryan got to his desk, however, he found such an accumulation of routine business that he was unable to confer with President Wilson as he had expected and the Japanese question was not taken up before the secretary left for Baltimore, where tonight, he is to be the guest of Charles H. Grasty, of the Baltimore Sun. Tomorrow night Mr. Bryan will attend a banquet in New York to visit the national commission arranging for the centenary celebration of the treaty of Ghent.

At the last moment a brief conference was arranged for late this afternoon at which Mr. Bryan expected to lay a general report on his mission before the president. From Baltimore Mr. Bryan expects to continue to New York to speak tomorrow at a dinner to the International committee arranging the centenary celebration of the treaty of Ghent.

LABOR MEN FILE APPEAL

Attorneys For Gompers, Mitchell and Morrison File Petition Asking For Stay of Execution in Sentencing Leader to Jail

Washington, May 8.—Attorneys for Samuel Gompers, John Mitchell and Frank Morrison, asked the district court of appeals today to stay its mandate sentencing Gompers to thirty days in jail and fining Mitchell and Morrison \$500 each in affirming contempt of court judgments against the labor leaders in the Bucks Stove & Range case.

Counsel asked for the stay, announcing their intention to appeal the case to the supreme court of the United States. The court granted them leave to renew the motion if the appeal can be prepared in the fifteen days allotted by law.

Captain Merriam Agrees to Amend His Complaint For the Sake of Ten-Year-Old Daughter—Wife Suffers Nervous Collapse

San Francisco, Cal., May 8.—Mrs. Bessie C. Merriam suffered a complete nervous collapse last night and was unable to appear in court today, when the divorce suit brought against her by her husband, Capt. H. C. Merriam, United States army, was called for a further hearing. Counsel representing Mrs. Merriam told the court she was unconscious when he was called to her house late last night, and that her condition today remained serious.

SENSATION IN CHICAGO

Lieutenant Governor O'Hara of Illinois Is Alleged to Have Registered at Hotel With Young Woman as His Wife

Chicago, May 8.—The missing register of a Chicago hotel which figures in the secret affidavit presented in the state senate yesterday attacking the morality of Lieutenant Governor O'Hara, chairman of the vice commission, was found today.

The affidavit was presented by Deputy Sheriff Richard M. Sullivan, but it was made by another person whose identity is somewhat obscure so far as the public is concerned. It was produced upon the insistence of the lieutenant governor, who declares that it is part of a conspiracy formed in the underworld by persons whose incomes were threatened by his crusade against vice.

The affidavit is said to state that last January O'Hara and a prominent young woman of Springfield registered at the Hotel Sherman as "D. Duncan and wife." A Springfield millionaire and another woman, said "Duncan" suite. A handwriting "x" wife," are alleged to have shared the room with registered as "J. J. Miller and wife" will compare the signature of "Duncan" with that of O'Hara.

UNMERGING DIFFERENCES

Southern Pacific Opposes Giving Up the Central Pacific to the U. P. as in Government's Original Plan

Washington, May 8.—Serious differences have developed between the Union Pacific and Southern Pacific railroads regarding plans for dissolving their merger. The Southern Pacific is opposed to giving up the Central Pacific, one of its subsidiaries, to the Union Pacific, as contemplated in the original Wickersham plan of dissolution and would prefer that the disintegration be confined to the Union Pacific dispossessing itself of the \$125,000,000 Southern Pacific stock which the supreme court said was held in violation of the Sherman law.

This particular phase of the situation now is receiving the close attention of Attorney General McReynolds, who has not made up his mind whether he will insist that the Central Pacific be acquired by the Union Pacific.

Maxwell Everts, counsel for the Southern Pacific, will file his brief with Mr. McReynolds within a few days opposing the suggested transfer.

Not Improving—Mila Hayes, the woman who has been ill at the city jail for the past few days, is not improving and the county commissioners are taking up the subject of having her removed to a place where she can be cared for.

CROWD HISS BLACK PUG

Chicago Does Not Like Johnson, Now on Trial For White Slavery—Censorship of Attendance—Negro Discards Loud Clothes

Chicago, May 8.—The effect of federal Judge Carpenter's censorship of attendance at the trial of the negro prize fighter, "Jack" Johnson, on a white slavery charge, was apparent in the empty benches at today's session of court. A few negro friends of the defendant and a half dozen white men constituted the audience.

For appearance in court, the fighter has discarded his diamonds and other jewelry and presented himself in a subdued shade of blue apparel. At the union depot, where Johnson went to meet a friend before court opened, he was hissed by the crowd.

Estelle Henderson, alias Painter, proprietress of a resort at Pittsburgh, testified that she had dismissed Belle Schreiber, the "white slave" of the present case, from the house. The government had hoped to show that this action was due to the Schreiber woman's association with Johnson, but objection of the defense to this line of examination was sustained.

Belle Schreiber on Stand.

Belle Schreiber, the woman for transporting whom from Pittsburgh to Chicago, the negro prize fighter "Jack" Johnson is being tried under the Mann white slave act, was a witness in federal Judge Carpenter's court here today.

A slight, rather pretty brunette, she sank into the witness chair and faced the big negro whose association with her is admitted by the defense. She wore a thin veil, but pushed this up over her hat as her examination began.

Previous witnesses testified to renting an apartment in the tenderloin district to Johnson which was occupied by Miss Schreiber and to having sold furniture for the apartment to the pugilist.

Miss Schreiber testified that she first met Johnson in 1909, while she was an inmate of one of the most notorious resorts in Chicago, when she was 22 years old.

Johnson went to New York but called her up by telephone and sent her money through his manager, she said. She went to New York to visit the fighter, paying her expenses from money sent by Johnson's manager.

When Attorney Parkin, representing the government, attempted to bring out details of the young woman's relations with Johnson, Judge Carpenter ruled that inasmuch as these were admitted, he would refrain from polluting the ears of the jury with them. The woman was still on the stand when the noon recess was taken.

Fowler and Perkins for Ogden and Duffy and Gibson for Great Falls are the batteries at the league game this afternoon, at Glenwood park.

Manager Heater's other catcher, Buck Weaver, has been ill for the past few days and will probably not be able to appear in the present series with Ogden.

GRANT INCREASE IN FREIGHT RATES

Washington, May 8.—The Interstate Commerce commission held today that it would not prevent an increase of interstate freight rates merely for the purpose of influencing intrastate rates. The application was granted.
